C.R.O.W. THORNE R.EDUCE O.UR W.ASTE

C.R.O.W.

What is C.R.O.W.?

A group of residents aiming to reduce waste in Crowthorne, with a particular focus on single use plastics.

How will this work?

We are using Surfers Against Sewage's Plastic Free Community toolkit with the following 5 objectives:

- Seeking support from the Parish Council.
- Asking local businesses to replace single-use plastics with sustainable alternatives.
- Seeking community support. We're asking schools, churches, the library, Scouts and Guides to take part.
- Arranging two big community events for everyone to attend.
- Meeting regularly to move action forward.

How can you help?

- Carry your own shopping bags
- Use your own containers
- Carry a reusable coffee cup/water bottle
- Try to shop local
- Recycle everything you can
